Salsa Ahumada

Ingredients

- 2 tablespoons avocado oil or ghee
- 3 medium garlic cloves, peeled
- 1 small yellow onion, roughly chopped
- 6 chillies, chopped
- 2 tablespoons apple cider vinegar
- 1 can diced tomatoes
- 1/2 teaspoon salt

Instructions

- 1. Heat the oil in a large skillet over medium heat. Once it's sizzling hot, add the garlic and onions.
- 2. Cook the garlic and onions for about 3-5 minutes, stirring frequently, until browned in parts and aromatic.
- 3. Toss in the chillies. Cook, stirring, for 1-2 minutes.
- 4. Add the vinegar and diced tomatoes with their juices, and bring the contents to a boil.
- 5. Lower the heat to medium-low, and simmer until the tomatoes begin to break down (about 8-10 minutes).
- 6. Turn off the stove, and transfer the contents of the skillet to a blender.
- 7. Add the salt to the blender.
- 8. Puree everything until smooth. Pause to scrape down the sides of the blender if necessary. Taste the salsa and adjust with more salt if needed.
